# ARMORED TOYOTA LAND CRUISER

One of the most durable and dependable vehicles on the planet, the Toyota Land Cruiser is legendary for its ability to transport its occupants safely through almost any terrain.

*The same can be said for its history as an armoring platform.*

For decades, Government officials and Private Security Personnel have relied on the Toyota Land Cruiser as the armored vehicle of choice when seeking protection in a variety of hostile territories around the world. With the largest service network of any manufacturer, the Toyota Land Cruiser continues to be the number one choice of those operating in remote locations.
